ORDER:

The Hyderabad City has experienced unprecedented rains in the month of October, 2020 and the consequent flooding of many low lying areas and colonies is attributed, among other things, to narrowing of nalas and storm water drains in Hyderabad overtime preventing the free flow of water in its natural course.

2. Government after careful examination of the matter hereby decide to establish a Strategic Nala Development Programme (SNDP), a dedicated new project wing in Hyderabad to plan, develop and maintain comprehensive Storm water drainage / Nala system in Hyderabad, as an exclusive wing within GHMC, with the overall objective of mitigating the adversities on account of heavy rains / urban floods in future.

3. The project wing will study the existing Nala / Storm water drainage system and identify critical narrow points, encroachments on Nalas, study trunk mains, feeder nalas and all other issues and submit reports to take up all works in a Mission mode.

4. The Strategic Nala Development Programme (SNDP) is created as a special wing in GHMC shall exclusively to look after Nala/Storm Water Drain issues in coordination with other line Department and shall work under the overall control of Commissioner, GHMC. Officials from Irrigation Department and filed experts from open source can be inducted based on field requirements. The policies, programmes and activities of this wing are subjected to frequent review at higher level.

5. Government hereby posts Smt. Vasantha, Chief Engineer, (Rtd), R&B Department, as OSD, Strategic Nala Development Programme (SNDP), GHMC a post equivalent to Chief Engineer level for a period of one year in terms and conditions of retired employees and fill up the posts in the wing in consultation with the Irrigation Department and the Engineer-In-Chief (PH).

6. The commissioner, Greater Hyderabad Municipal Corporation, Hyderabad shall take necessary action accordingly.
